PROXY STATEMENT FOR THE 2010 ANNUAL MEETING OF STOCKHOLDERS

General

The enclosed proxy is solicited on behalf of the Board of Directors of KGen Power Corporation (the “Company” or “KGen”) for use at the Annual Meeting of Stockholders to be held on December 13, 2010, at 2:00 p.m., local time, or at any adjournment thereof (the “Annual Meeting”). The Annual Meeting will be held in the Central Plains conference room, Suite 200, of the Four Oaks Place building located at 1330 Post Oak Blvd, Houston, Texas 77056. The purposes of the Annual Meeting are set forth in the attached Notice of Annual Meeting of Stockholders.

This Proxy Statement, the Notice of Annual Meeting of Stockholders, the form of proxy and the Annual Report are being mailed to stockholders on or about November 12, 2010.

Record Date and Share Ownership

Stockholders of record on the Company’s books at the close of business on November 1, 2010 (the “Record Date”) are entitled to vote at the Annual Meeting. At the Record Date, 56,009,736 shares of the Company’s Common Stock (the “Common Stock”) were issued and outstanding. For information concerning stock ownership by our directors and officers, see the section on “Security Ownership of Directors and Management” that follows.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person who gave the proxy at any time before its use by: (1) delivering to the Company a written notice of revocation prior to the voting of the proxy, (2) submitting a subsequent proxy by Internet or telephone or delivering to the Company a duly executed proxy bearing a later date, or (3) if you are a stockholder of record, attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

Voting and Solicitation

Each stockholder of record is entitled to one vote for each share of Common Stock held in his or her name on the Record Date on each matter submitted to a vote at the Annual Meeting. Cumulative voting is not permitted with respect to any proposal to be acted upon at the Annual Meeting.

If properly completed and received by the Company (whether by mail, telephone or Internet) before the Annual Meeting, any proxy representing shares of Common Stock entitled to be voted at the Annual Meeting and specifying how it is to be voted will be voted accordingly. Any such proxy, however, which fails to specify how it is to be voted on a proposal for which a specification may be made, will be voted on such proposal in accordance with the recommendation of the Board of Directors.

A quorum of stockholders is necessary to hold a valid Annual Meeting. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum. The approval of the proposals presented at the Annual Meeting, other than the election of directors, will require the affirmative vote of a majority of the total votes cast by holders of the outstanding shares of Common Stock entitled to vote and present in person or represented by proxy at the Annual Meeting.

A director nominee will be elected if he receives affirmative votes representing a majority of the votes cast at the meeting with respect to his election. Because each of the Board’s nominees is a current director

of the Company, any nominee who fails to be elected at the Annual Meeting will remain in office as a “holdover” director until the earlier of his resignation, removal or death or the election by the stockholders of a successor director. Votes will be counted by the inspector of election appointed for the meeting, who will separately count “For” and “Against” votes, abstentions and broker non-votes. A “broker non-vote” occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to the proposal and has not received instructions with respect to that proposal from the beneficial owner (despite voting on at least one other proposal for which it does have discretionary authority or for which it has received instructions). Abstentions and broker non-votes will be counted in determining whether a quorum is present. With respect to each of the proposals, abstentions and broker non-votes will not be counted in determining the number of votes necessary for approving the proposal.

When a stockholder signs or otherwise electronically or telephonically submits the proxy card, he or she appoints Thomas White, our Chief Executive Officer, and Steven McDowell, our Vice President, Mergers and Acquisitions and Finance, or each of them, as his or her representatives at the Annual Meeting. Thomas White or Steven McDowell will vote the shares, as instructed on the proxy card (whether by mail, telephone or Internet), at the Annual Meeting. In this manner, the shares will be voted whether or not the stockholder attends the Annual Meeting. Even if the stockholder plans to attend the Annual Meeting, he or she should complete, sign and return or otherwise electronically or telephonically submit the proxy card in advance of the Annual Meeting in the event of a change in plans.

The cost of soliciting proxies will be borne by the Company. In addition, the Company expects to reimburse brokerage firms and other persons representing beneficial owners of Common Stock for their expenses in forwarding solicitation material to such beneficial owners. Proxies may be solicited by mail and may be supplemented by telephone or personal solicitation by certain of the directors, officers and regular employees of the Company or, at the Company’s request, by a professional proxy solicitor. No additional compensation will be paid to directors, officers or regular employees for such services, but if professional proxy solicitors are used, such solicitors will be paid their customary fees by the Company.

Pursuant to Delaware law, the Board of Directors shall appoint an inspector to act at the Annual Meeting. The inspector shall carry out the duties imposed pursuant to Section 231 of the Delaware General Corporation Law, including the counting of votes.

Voting via the Internet or by Telephone

Most beneficial owners whose stock is held in street name receive voting instruction forms from their banks, brokers, or other agents.

A number of brokers and banks participate in a program provided through Broadridge Financial Solutions, Inc. that offers telephone and internet votes of proxies. If your shares are held in an account with a broker or bank participating in the Broadridge Financial Solutions, Inc. program, you may vote your proxy for those shares telephonically by calling the telephone number shown on the form received from your broker or bank, or via the Internet at Broadridge Financial Solutions, Inc.’s web site at <http://www.proxyvote.com>.

Dissenters’ Right of Appraisal

Under Delaware law, there are no statutory or contractual rights of appraisal or similar remedies available to stockholders who dissent from any matter to be acted upon at the Annual Meeting.

**PROPOSAL NO. 1:
ELECTION OF DIRECTORS**

Four directors are to be elected to the Board of Directors at the Annual Meeting. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the four nominees of the Board of Directors named below, all of whom are presently directors of the Company and have served continuously since the month and year indicated opposite each such director's name in the following table, each to hold office for a term expiring at the next Annual Meeting of Stockholders of the Company and until such director's successor shall have been duly elected and qualified. In the event that any nominee of the Company is unable or declines to serve as a director at the time of the Annual Meeting, the proxies voted for that nominee will be voted for any nominee who shall be designated by the present Board of Directors to fill the vacancy. It is not expected that any nominee will be unable or will decline to serve as a director.

OPTION EXERCISES FOR FISCAL YEAR 2010

No stock options were exercised during fiscal year 2010.

SENIOR EMPLOYEE BONUS AND RETENTION PLAN AND RESTRICTED STOCK UNIT AWARDS

The Board of Directors adopted the KGen Power Management Inc. Employee Performance Bonus and Retention Plan for Senior Employees (the “Performance Bonus and Retention Plan”) to reward the Company’s senior employees in connection with sales of the Company’s power generation facilities and upon a “change in control” (as defined in the Performance Bonus and Retention Plan) and to help retain services of those employees through the completion of any sale of a power generation facility or any change in control and during the transition of business following a change in control. The definition of “change in control” under the Performance Bonus and Retention Plan generally includes (i) the acquisition by any individual, entity or group of beneficial ownership of 50% or more of the Company’s then outstanding voting stock or of the ability to elect 50% or more of our directors, except in several instances; (ii) the consummation of a merger, consolidation or reorganization, unless, in each case, the persons who beneficially own the Company’s common stock immediately before that transaction beneficially own, directly or indirectly, immediately after the transaction, at least 50% of the Company’s common stock or the common stock of any other corporation or other entity resulting from or surviving

the transaction (or any entity which, as the result of the transaction, owns all or substantially all of the common stock or assets of the Company) in substantially the same proportion as their respective ownership of the Company's common stock immediately before that transaction; or (iii) a complete liquidation or dissolution of the Company.

Each of the named executive officers (other than Mr. White) participates in the Performance Bonus and Retention Plan. Each participant in the Performance Bonus and Retention Plan is entitled to receive a cash bonus upon the completion of a sale of any of the Company's power generation facilities. The amount of the bonus payable to each participant in connection with a sale of a power generation facility is determined based on a target bonus amount established for the participant and the sale price for that facility. If a change in control occurs, each participant would be entitled to receive a one-time lump sum cash bonus equal to the aggregate amount of the sale bonuses such participant would have been entitled to receive had each of the facilities held by the Company at the time of the change in control been sold at facility sale prices determined based on the price per share paid to the Company's stockholders. The facility sale bonuses are generally payable to the participants in a lump sum on the third business day after the consummation of the sale, so long as the participant remains employed by the Company until that time. Accordingly, in connection with completion of the sale of the Company's Sandersville power generation facility in July 2010, Messrs. Sweeney, Marlow, Holland and Redmond received sales bonuses of \$82,217, \$77,563, \$77,563 and \$59,982, respectively. The change in control bonus is generally payable in a lump sum on the 180th day after the consummation of the change in control, so long as the executive remains employed by the Company until that time. A participant is generally also entitled to receive these bonuses if the participant's employment is involuntarily terminated after the time a definitive facility sale or change in control agreement is entered into by the Company and the related facility sale or change in control is consummated within 36 months of the participant's termination.

On August 13, 2010, the Board of Directors awarded restricted stock units pursuant to the KGen Power Corporation 2006 Equity Incentive Plan to each of the participants in the Performance Bonus and Retention Plan, (which includes each of the named executive officers other than Mr. White). Messrs. Sweeney, Marlow, Holland and Redmond were awarded 26,500, 25,000, 25,000, and 19,333 restricted stock units, respectively. 15% of the restricted stock units awarded to each participant vested upon grant as a result of the completion of the sale of the Company's Sandersville power generation facility, 20% will vest upon the sale of the Company's Hinds power generation facility, 20% will vest upon a sale of the Company's Hot Spring power generation facility and 45% will vest upon a sale of the Company's Murray power generation facility. In addition, all unvested restricted stock units held by a participant will vest upon a change in control. Upon vesting, a participant will generally receive a number of shares equal to the number of restricted stock units then being vested as well as cash in an amount equal to the aggregate amount of all dividends paid on that number of shares since the date of grant of the restricted stock units. Upon termination of a participant's employment with the Company, all of the participants unvested restricted stock units will be forfeited, except that if the participant's employment is involuntarily terminated after the time a definitive facility sale or change in control agreement is entered into by the Company, the restricted stock units otherwise subject to vesting upon completion of that facility sale or change of control will not be forfeited by the participant upon his or her termination and will vest if the facility sale or change in control is consummated within 36 months of the participant's termination.

EMPLOYMENT AND SEVERANCE AGREEMENTS

Each named executive officer is a party to an employment agreement that generally provides for the terms of his employment with the Company and, among other things, entitles the executive officer to certain termination benefits in the event of his involuntary termination.

Under the employment agreements for the named executive officers, these severance benefits vary, depending on the circumstances of the termination (i.e. whether by reason of the executive officer's death or disability, termination by the Company without "cause" or by the executive officer for "good reason,"

and for some of the executives, whether such termination occurred within the period beginning six months prior to the announcement of an anticipated “change in control” and ending six months following a “change in control” (the “CIC Window Period”). The terms “cause,” “good reason” and “change in control” are defined in the executive officer’s employment agreement and summarized below). In the event of the executive’s death or disability, only payments of amounts due to, or accrued by, the executive officer at the time of the event will be made, including generally, base salary up to the date of death or termination for disability, the amount of any awarded but unpaid bonus, unused vacation days and any deferred compensation (the “Accrued Payments”). In addition, the executive would receive all medical, dental and vision benefits maintained for such executive as of the termination date for 12 months from termination, and the immediate vesting of all unvested options (or restricted stock units in the case of Mr. White). In the event of the executive’s termination by us without cause or his resignation for good reason, generally in addition to the payments and benefits described above, he would also be entitled to a cash payment equal to one times the executive’s annual base salary either in a lump sum or in installments over one year. In the event that an executive officer is terminated as a result of the Company’s decision not to renew the term of his employment agreement, the executive would generally receive the same benefits as upon a termination by us without cause or his resignation for good reason, except that while Mr. White would receive immediate vesting of his restricted stock units, all unvested options held by the other executives would be forfeited.

However, if any of Messrs. Sweeney, Marlow, Holland or Redmond is terminated by us without cause, or if he resigns for good reason within the CIC Window Period, severance benefits under the change in control provisions of the employment agreement are triggered, which include the following benefits:

- Accrued Payments;
- a cash payment equal to one times the executive’s annual base salary either in a lump sum or in installments over one year;
- a lump sum cash payment equal to the aggregate target annual bonus for the fiscal year during which such termination of employment occurs (determined as if all applicable goals and targets had been satisfied in full), prorated to the date of such executive’s termination; and
- all medical, dental and vision benefits maintained for such executive as of the termination date for 24 months from termination.

For all of the named executive officers, any outstanding stock options, restricted stock awards, phantom stock and other equity-based awards previously granted to such employee shall immediately vest upon a “change in control,” subject to the Board of Directors’ discretion to require the cancellation of such stock options in exchange for a cash payment.

The definition of “cause” generally means the executive:

- is indicted or charged with a felony or other crime involving fraud or dishonesty (if acquitted or indictment dismissed, termination would be retroactively reinstated);
- commits an act of dishonesty that causes or reasonably is expected to cause material harm to the Company or its subsidiaries;
- materially breaches his employment agreement, which breach is not cured within 30 days of notice;
- breaches any written policies or procedures of the Company or its subsidiaries, which breach causes or is expected to cause material harm to the Company or its subsidiaries; or
- engages in intentional misconduct that causes material harm to the Company or its subsidiaries.

The definition of “good reason” generally means the occurrence, without the executive’s prior written consent, of any of the following (subject to notice being given by the executive and the failure by the Company to remedy the event within 30 days):

- a material reduction in the nature or scope of the executive’s duties from those contained in his employment agreement;
- a reduction in his base salary; or
- the relocation of his primary office to a location more than sixty (60) miles away from the current Company offices.

Mr. White’s employment agreement also provides that, without the executive’s prior written consent, the following additional circumstances (subject to notice being given by the executive and the failure by the Company to remedy the event within 30 days), will qualify as “good reason”:

- a material reduction in title (except that the failure of stockholders of the Company to reelect him as director shall not constitute good reason); and
- a material reduction in benefits other than generally due to a reduction in benefits which is generally applicable to all other senior executives of the Company.

The definition of a “change in control” in employment agreements of all the named executive officers generally includes:

- the acquisition by any individual, entity or group of beneficial ownership of 50% or more of the Company’s then outstanding voting stock or of the ability to elect 50% or more of our directors, except in several instances;
- individuals who currently constitute the Board of Directors cease for any reason to constitute at least a majority of the Board of Directors, with several exceptions;
- the consummation of a merger, consolidation or reorganization, unless, in each case, the persons who beneficially own the common stock immediately before that transaction beneficially own, directly or indirectly, immediately after the transaction, at least 75% of the Company’s common stock or the common stock of any other corporation or other entity resulting from or surviving the transaction in substantially the same proportion as their respective ownership of the Company’s common stock immediately before that transaction;
- the stockholders approving a complete liquidation or dissolution of the Company; or
- a sale or other disposition of all or substantially all of the Company’s assets.

Mr. White’s employment agreement provides for certain additional benefits. Mr. White was entitled to certain relocation benefits in connection with his relocation to Houston, Texas, including out-of-pocket and travel expenses for the first 30 days of his employment, rent in an amount not to exceed \$2,000 a month for a period not to exceed 9 months, and up to \$15,000 moving expenses in connection with his permanent relocation. In connection with entering into his employment agreement, the Company also granted Mr. White 20,000 restricted stock units. These restricted stock units generally vest in equal installments over three years.

While Mr. White is not a participant in the Performance Bonus and Retention Plan as described above, Mr. White is entitled to incentive bonus payments under his employment agreement as follows:

- Mr. White is entitled to receive a cash bonus upon the completion of a sale of any of the Company’s power generation facilities, provided that he remains employed by the Company at that time. The amount of the bonus payable to Mr. White in connection with a sale of a power generation facility is determined based on a target bonus amount established and the sale price for that facility.

- Upon the consummation of a “sale of KGen” (as defined in his employment agreement), provided that he remains employed by the Company at that time Mr. White is entitled to receive a specified cash bonus amount (reduced by the aggregate amount of cash bonuses previously received by Mr. White in connection with facility sales) if the proceeds received by the Company’s stockholders in connection with the sale of KGen exceed a specified threshold amount and a significantly smaller cash bonus amount (reduced by the aggregate amount of cash bonuses previously received by Mr. White in connection with facility sales) if the proceeds received by the Company’s stockholders in connection with the sale of KGen do not exceed the specified threshold amount.

Mr. White is generally also entitled to receive these bonuses if his employment is involuntarily terminated after, or within sixty days before, the time a definitive facility sale or definitive agreement for the sale of KGen is entered into by the Company and the related facility sale or change in control is consummated within 24 months of his termination. “Sale of KGen” is defined in the same manner as “change in control” is defined under the Performance Bonus and Retention Plan as described above.

DIRECTOR COMPENSATION

None of the current directors, with the exception of Mr. Hudson, as described below, receive compensation for their services as directors of the Company. The directors of the Company are, however, reimbursed for out-of-pocket travel expenses incurred in connection with their attendance at Board meetings and other activities on behalf of the Company. Due to his level of responsibility and time committed to Company matters, Mr. Hudson, as the Chairman of the Board, receives \$200,000 annually in director fees as compensation for his services as Chairman. In addition, on May 28, 2008 the Board granted Mr. Hudson stock options to purchase 100,000 shares of common stock of the Company at a price of \$19.50 per share. These options vest one year from the date of grant, or, if sooner, in the event of death, disability, or the occurrence of a “change in control” of the Company. On August 13, 2010, Mr. Hudson was granted 58,334 restricted stock units. 8,750 of these restricted stock units vested upon grant as a result of the completion of the sale of the Company’s Sandersville power generation facility, 11,667 will vest upon the sale of each of the Hinds and Hot Spring power generation facilities and 26,250 will vest upon a sale of the Company’s Murray power generation facility. In addition, all unvested restricted stock units will vest upon a change in control. Upon vesting, Mr. Hudson will generally receive a number of shares equal to the number of restricted stock units then being vested as well as cash in an amount equal to the aggregate amount of all dividends paid on that number of shares since the date of grant of the restricted stock units. Mr. Hudson will forfeit all his unvested restricted stock units upon termination of his service as a director of the Company, except that if he is involuntarily removed from the board, or he is not renominated or reelected to the board after the time a definitive facility sale or change in control agreement is entered into by the Company, Mr. Hudson’s restricted stock units otherwise subject to vesting upon completion of that facility sale or change of control will not be forfeited as a result of the termination of his service as a director and will vest if the facility sale or change in control is consummated within 36 months of the termination of his director service.
